MAIL ORDER TO MOVE SOON

In order to consolidate their merchandises, the Rohwer Co-op will transfer its Mail Order department from Block 42 to the Canteen during the first part of next month.

show what each Mess hall has in way of necessary equipment, and also to give a comparison of Mess halls with each other in respect to mess equipment," reported A. B. Woodruff, assistant Project steward.

After completion of the block Mess halls, inventories will also be taken of the Personnel mess, Hospital mess and Mess hall 42. Inventory of the Mess warehouse was completed last week.

Articles to be itemize run from forks and spoons through pans and buckets to ranges and refrigerators.

Divided into four crews, members of the Mess management staff who took the inventories were Bob Sato and Jane Ogawa, Mess halls 1 to 8; Ted Akaba and Myrtle Fujitani, Mess halls 9 to 17; L.A. May and Yoshiye Shigehara, Mess halls 19 to 28; and Tak Takasugi and Agnes Uyesugi, Mess halls 29 to 41.

Monday.

The directive says: "The Committee takes the position that it cannot modify the Executive Order nor place one category of American citizens in a situation less favorable than citizens of other ancestry."

President Roosevelt in a message to the United States Senate on Sept. 14 emphasized this position when he stated: "Americans of Japanese ancestry, like those of many other ancestries, have shown that they

can, and want to, accept our institutions and work loyally with the rest of us, making their valuable contribution to the national wealth and well-being. In vindication of the very ideals for which we are fighting this war, it is important to us to maintain a high standard of fair, considerate and equal treatment for the people of this minority as of all minorities."
